

DR-9080C

COLOR PRODUCTION SCANNER

Redefining price/performance, the DR-9080C is a standout for affordability—but more importantly, it brings high-speed, production-level color scanning to those with even the tightest budgets. By satisfying the criteria for image quality, easy handling, and optimized throughput, the DR-9080C easily meets the needs of dedicated scanning applications—exactly what a high-end production scanner is expected to do. But the real story is how it can do so much so cost-effectively. This is what makes the Canon DR-9080C such an unprecedented value.

- color production document scanner
- designed for demanding applications
- high capacity at a cost-effective price
